1: Boom Up History!!!

Now is time to BOOM!!!!
This is History making
This is risk we taking

Ever since the dawn of the story
is he who does write down the story
does turn round and call it history oie
Then they fill yuh head with all kinda stories
till the truth becomes a mystery
Time to Boom up History Oiee

2: T'in Cow

T'in cow T'in cow
Green grass dey over so
Fat cow the butcher calling you
Watch for yuh head ah warnini yuh
Otherwise is the pot yuh going to go

I come to drink from yuh horn ah plenty
cause right now, ah say meh belly empty
World Crisis
Food Crisis
Global Crisis
Food Prices
FOOD TOO EXPENSIVE

3: Giants

I come from the land of the Giants
where passions rage and talents run riot, oh lord
The land where these giants walk
In spite of the slings and the arrows
When them boys walk they cast a longshadow
Oh lord, help me walk where these Giants walk

4: Islands

Yes we walk with ting,
Ting to make yuh swing,
Ting to make yuh sing,

We come with something to keep the people
pumping
We on a mission to spread the good vibrations
We got the remedy Truth, Love + Possibility
We come with fire to take this session higher

Island to Island, Island to mainland
Across the ocean, spread the vibration,
Keep jammini it étíl the work is over.

5: Fish Bowl

Ah livin' in a fishbowl
Ah need to make a little wish full
Full of hope and inspiration
For the healing of the nation
Ah living in a fishbowl
Ah need to make a little wish full
Full of hope and inspiration
For the younger generation

'cause right now is too much a noise
Ah can't hear meh voice is too much a noise
Too much a too much a too much a noise

6: Too Much Information

In the city there is too much information
It going to frig you up, you might end up
frigging up
In the city there is too much information
Misinformation from every station
Too much information frigging up the nation
Lord in the city there is too much information

I need a holiday a holiday
too much information
I need a holiday to get away
from all this information
I say shut up

7: Joy + Fire

Right now we seek the peace that passeth all
understanding,
Understanding that right about now,
We really know nothing,
In pursuit of the truth, but what is the truth.
I say my youth, can you handle the truth?
It is joy + fire, sweet, sweet, joy and ever living fire

Ah say to bring it down
Bring it down

8: Magic

OH!
This is Magic,
Pure Magic
Real Magic
Black Magic
Obeah Time

Oh what a magic moment
Oh what a beautiful time,
Oh what a magic moment
Ah feel the power of the Glory Divine

Say when ah wake up in the morning and
ah feeling fine
Give thanks and praise for your love divine

Day clean time to testify
Rise and shine cause yuh sanctified
And if yuh know that yuh bona-fide
yuh bona-fide, bona-fide

What a feeling
What a beautiful feeling

9: Paradise?

Hear meh Amerindian spirits calling...

Buildings filling the skies
a people dying for another to rise,
Black gold and Crimson tides
Is this Paradise?

Some say that we lost Paradise
some say that we living Paradise
some say that if this Paradise
good God where the hell is Paradise

10: Slaves?

Say for a few dollars me we could settle the score
or for a hand full of beads we could seal the deal
or for a basket of trinkets or ah bag ah weed
plain talk, bad scene lord we keeping it real,
ah say we still toiling on the plantation
breaking we back in the blazing sun
selling we self as a destination
oh islands in the sun

are we still slaves in our hearts
are we still slaves in our heads
are we still slaves in our minds to

old notions and paradigms
are we still slaves in our selves
slaves in our souls
slaves in our beings are we still being
bought and sold?

11: Take Me

Take me from all of this
Take me into your bliss
Help me to be a better man,

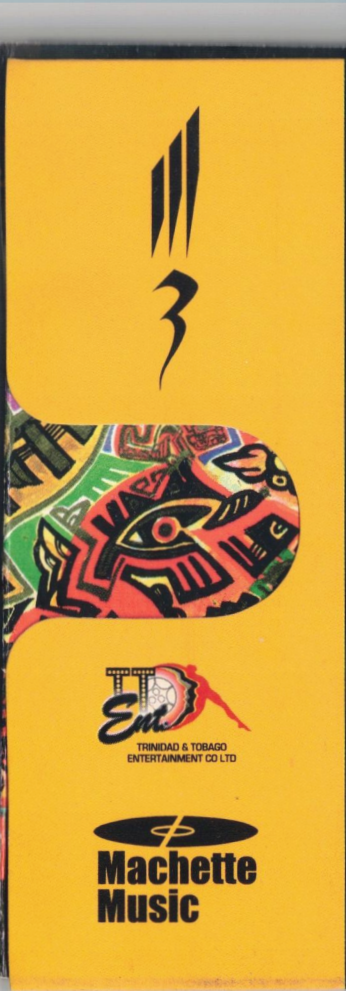

What are we doin'?
Destroying our world
When we got each other
Stories left untold
Are we killing the dream, in our fight to survive?
Time to stop this confusion bring this love alive

12: Where do we go from here?

Where do we go from here?
Now that the end is here?
Where do we go from now?
Where do we start and how?
Now that we've reached the brink
No time to stop and think
Nothing can stop us now
Where do we go and how?

Where, do we go from here?
please tell me where, do we go from here?
From here?

The 3canal Show 2009.

Featuring 3canal & the cut + clear crew Live!

"Rapsol Soldiers on a Mission".

This is History Making, This is Risk We Taking...

In this the 6th installment of the 3canal Carnival Show, the mission is to conjure a "Brave New World" in the Power of the New Trinity of Truth + Love + Possibility, utilizing the music of the new album "JOY + FIRE" exclusively.

"JOY + FIRE" is a fresh take on the story of "Iere in the 21st Century - TNT Today".

The Amerindian name for the island of Trinidad was Iere or the Land of the Hummingbird, with this fragment of ancestral memory, 3canal continues to explore notions & vibrations of TNT Today.

*First there was the joy, then there came the fire,
then there came the flames..."*

The 3canal JAM-IT! Show

A Yard Jam come to Queen's Hall this one is pure Shock and Awe. Shake the roof, raise the rafters and invoke the sense of a "yard" vibes. In yuh face immediate hot and sweaty, maybe even a tad grimy, not too neat and shiny, a little shadowy and slightly sinister.

This is 3canal at it's most risqué, ribald and in yuh face, a response to the vibes of the times we live in. JAM-IT! 3canal Carnival 2010
